

Commercial building in the center of Figueres with large storefront and high visibility

1.900 €

A property for rent located on Carrer Ample in Figueres, in a very central area with high pedestrian traffic, ideal for businesses looking for visibility and direct access to customers.

The large openings on the facade provide plenty of natural light and provide an attractive showcase for displaying products or services.

The property is divided into 5 floors intended for commercial use and/or offices, offering large spaces that can be adapted to multiple activities. On floor -1 there is a warehouse, very useful for stock and logistical support. In addition, the property has 2 floors of housing in the upper parts, which can be used both as a residence and for internal use of the business (offices, staff accommodation, etc.).

Its location in the commercial heart of the city and surrounded by active businesses make this property a very attractive option for companies looking to expand or establish themselves in a dynamic and highly visible environment.
